Volume 4,

TWO DOGS RESCUED

Ogden Deputy Fire Chief said when they arrived at the residence on Liberty Avenue the home was found with heavy smoke and flames. Firefighters rescued two family dogs and treated both at the ambulance on sight where they administered oxygen by a pet oxygen mask system. One of the dogs was transported by an animal control officer to a local veterinarian hospital for further evaluation. Both dogs are reported to be doing well.

Blair is a precious baby girl who went home with her mommy two days after Christmas. They are now sharing hugs and kisses in Kentucky.

In Case of Emergency,
PLEASE Rescue My

Dachshund
Inside

Thank You!

Many fire rescue decals are available on the internet. Firefighters believe the best location for the decal is on or near the door(s). Rescue personnel always make a valiant attempt to save pets. Most rescue personnel have pet oxygen masks as standard equipment.

"The journey of life is
sweeter when traveled
with a dog."

-Bridget Willoughby
