Waiting Pet Parent Agreement

Process of Waiting Pet Parent Agreement

Fill out our *Puppy Application*. The application is short and simple and it is not necessary for you worry about spelling or grammar errors.

Indicate below the description of the puppy you want to adopt. This is especially beneficial if you want a girl as there is a preference for female puppies.

Return your *Puppy Application* with a non-refundable preliminary deposit of \$100. This preliminary deposit will be applied to the placement fee of a puppy. If for some reason you need to put the arrival of a puppy on hold we will retain your deposit for the placement of a puppy at a later date. The preliminary deposit is not refundable.

Conditions for Acceptance of Waiting Pet Parent Agreement

Even though Belle Amore strives to breed champion puppies, we can not guarantee any puppy will be show quality upon maturity.

English Cream Dachshunds display a variety of blonde coloring. Cream puppies are born with a dark coat and lighten with age. Belle Amore can not guarantee the shading of a puppy upon maturity.

Belle Amore can not give a specific waiting time for the placement of a puppy into your family. Placements will be determined by the date in which we receive your *Puppy Application*. Placements will be made according to your specific requests and in order of availability.

Puppy Description

Gender: boy girl either
